

# Roll Up Right Now

Rockie Fresh

[Verse 1]

Rockie be chiefing, maybe I'm tweeking  
But these rappers just decent but I look like the coldest  
Forever I'm focused, the right my people know this  
I went from sleeping on the twin to nights with the Olsens  
I know I'm the dopest, though my city seem hopeless  
Lot of people don't make it, lot of niggas be faking  
Lot of niggas be dying so my main goal is surviving  
In the town I'm residing, grinding until I'm resigning  
You know how we riding, watching out for them sirens  
Copping kicks for the team, make sure my people stay clean  
I come step on the scene, Alexander Mclean  
I am crack, I spit that, turn your girl to a fiend  
She hit the loud and she lean, she know I be rolling strong  
It's rocking like the Rolling Stones, she see me in the Rolling Stone  
s  
We roll up on that right now, light me up and bust me down  
If they ain't moving with the movement, move the fuck from round

[Hook]

I takes some hits, I'm faded bitch  
Blowing money fast, we ain't saving it  
One life to life, no fucks to give  
Blowing loud in the crib bout to do it big  
Roll up right now, roll up right now  
Get so high I touch a cloud, roll up right now  
Roll up right now, roll up right now  
Get some loud and break it down, roll up right now

[Verse 2]

I'm riding in some shit only I can design  
Old school though so ahead of my time  
With every line that I drop, every fashion line that I rock  
These niggas is catching up late, reset they clocks  
Daylight saving time, they just rolling wine  
Only trusting in mine because we lifers  
The same time riders, appartement hood  
Stripes on the dodge viper  
GTS closed courses professional drivers, track killers  
Not none of these old regular rap niggas  
Cuz I don't rub elbows with 'em  
Just from that worth 100 million and ain't but 3 niggas in it  
This living isnt it, weed loud, pictures is vivid  
Telivisions is flat, 90 inches  
Mounted on these walls, this house belong to a dog  
Holding my weed with my palms, ashing in your bitch drawers  
Roll up right now, police is pulling up roll that joint down

[Hook]
