Rockie Fresh

Rockie be chiefing so maybe I'm tweaking  
These rappers is decent, I know I'm the coldest  
Forever I'm focused, the right people notice  
I'm showing love anytime that you wanna approach this  
I know I'm the dopest, know my city seem hopeless  
A lot of niggas don't make it, a lot of people be faking  
A lot of niggas be dying so my main goal is surviving  
And the time I'm residing, grinding until I reach Zion  
You know how we riving, cop the kicks with the sirens  
Cop the kicks for the team, make sure my people stay  
clean  
I come, step on the scene, Alexander McQueen  
I am crack, I spit that, turn your girl to a fiend  
She hit the loud and she lean, she know I be rolling  
strong  
It's rocking like the Rolling Stones, she seen me in that  
Rolling Stones  
We roll up on that right now, light me up and bust 'em  
down  
If you ain't moving with the movement, move the fuck  
around, Rockie
