

Show Me Sumthin'

Rockie Fresh

[Verse 1:]

Yea, I hit the door, you ain't drop the towel
Fuckin on the hunnids, girl collect the pow
You know you look good in your dickie style
I'm drivin 88, you go the extra mile
Kinda young nigga, upgrade your swag
You ever happy, but see I'm just losing bags
You know this shit with the commas on the tag
Let me know if you can fuck with that
The jewelry boxes and my right boxers
We the shit, they gotta watch us
The tattoo that only show when you're topless
Might be tattooed in my conscious
You telling me your ex, nigga gay you promise
You ain't got a caller, I'm down to solve
That lavish I've been with that
If you show me something you can get it back

[Hook 1:]

Show me sumthin, show me sumthin
Tired of your nigga then show me sumthin

The damn proof that last that he used to talk
The hold my hand while we walk the path
The same path, you could do the math
All half and half, I'm winning too
Show you what a real bitch be down to do
I could crown the fruit, but truth on the truth
Are you down to do what I'm down to do?
But I ain't you for the longest
Gotta have you like I'm homeless
Wanna be inside your heart, inside your mind, where you
are the strongest
I believe what you want, you can have it all
No need to stunt, let's make a call
Wanna be where you at, I'm a show you some (I'm a show
