

So Gone Based Remix

Rockie Fresh

Twisting up a blunt, thinking about my next dollar
Thinking in a... trying to kiss a money...
Twisting up a blunt, thinking about my next dollar
Thinking in a... trying to kiss a money...
Twisting up a blunt, thinking about my next dollar
Thinking in a... trying to kiss a money...
Twisting up a blunt, thinking about my next dollar
Thinking in a... trying to kiss a money...

Trying to kiss a money... lighten up yeah
... base... I got caught up in a winner
50 on my neck because I'm rich and I'm a sinner
Every bitch... cause I come and I... her
Pay 30 dollars to the necklace disrespected
Straight where it's coasting bitches eyes motions
Niggers know... came to fold oh
... swag girl which he knows...

Cause they're calling and I'm sipping
And they loosing while I'm still winning
And you wifin but I'm still pimping
And they worry but I ain't tripping
Cause I'm so gone, I'm so gone
I'm so gone, I'm so gone
I'm so gone, I'm so gone
I'm so gone, I'm so gone
I'm so gone, I'm so gone

But I do know one thing though
Women and men are whose
They can... through Sunday Monday but soon they'll be exposed
May be their lovely Monday, may be their latest show
Until their eyes is keep on rocking all these shoes and clothes
Cause I be on some fly shit
But please believe... the one
Get a lot of hair got these whose doing... since I've been all tying got the
rappers on the run
And I would do the same if I saw me in on the game
Got a little change and I got a little fame
Where all real niggers gonna feel this nigger at the end of the day
When they see that we're the same
And this bullshit is a happen if I want it I can have it
I wanna take your girl but she too right
... the kid is all play like I play for the Mavericks
Fresh... like I rap in caskets, but the boy is so alive
And all I really care about the prize cause this rose got me nice

Cause they're calling and I'm sipping
And they loosing while I'm still winning
And yo... but I'm still pimping
And they worry but I ain't tripping
Cause I'm so gone, I'm so gone
I'm so gone, I'm so gone
I'm so gone, I'm so gone
I'm so gone, I'm so gone
I'm so gone, I'm so gone

But I do know one thing though
Women and men are whose
They can... through Sunday Monday but soon they'll be exposed
May be their lovely Monday, may be their latest show
Until their eyes is keep on rocking all these shoes and clothes
But I do know one thing though
Women and men are whose
They can... through Sunday Monday but soon they'll be exposed
May be their lovely Monday, may be their latest show
Until their eyes is keep on rocking all these shoes and clothes
I'm so gone, I'm so gone
Cause I'm so gone, I'm so gone
I'm so gone, I'm so gone.
