

We About It

Rockie Fresh

[Chorus:]

Say we're about it, tell 'em we're about it,
And niggers say you get it like me?
I doubt it!
All about their money, man
I can't leave home without it,
And we talk it cause we live it,
Yeah, we really be about it!
Say we're about it, we're really be about it,
And niggers say you get it like me,
I doubt it!
All about their money, man
I can't leave home without it,
And we talk it cause we live it,
Yeah, we really be about it!

Say we're about it,
Tell 'em we're about it,
I'm committed to commission, I collect it, then I count it!
And a lot of nigger down...
But it's what the bitches' down with,
Looking for the next, about the...
I think you find it!
You can keep on searching, but won't find no...
Just bug me... put it fresh about the...
Now you all hope you trying to...
Cause I'm flying, smoking...
... black and yellow, not from Pittsburgh, but...
... got the fans waving, every show will make you sea sick.
Last season, salty cause my pack is...
Hating on me all seven day on some weed shit,
We get whatever we want, no I can't got ya,
I'm the truth, these niggers...
So... so proper in that baby shit,
I got it early, while you niggers don't know where it is!

[Chorus:]

Say we're about it, tell 'em we're about it,
And niggers say you get it like me?
I doubt it!
All about their money, man
I can't leave home without it,
And we talk it cause we live it,
Yeah, we really be about it!
Say we're about it, we're really be about it,
And niggers say you get it like me,
I doubt it!
All about their money, man
I can't leave home without it,
And we talk it cause we live it,
Yeah, we really be about it!

We love risk, so it's only right we respect...
We will like hate haters and we'll protect lovers!
... enjoy and please, give me my best...!
Man, I'm walking on these niggers, they're my step brothers,
... cause we give them space.

Never get too comfortable, cause anyone could get replaced,
She with me, she smoke for free,.. expensive days,
Sexing while I'm flexing,
You'll think will swag my knees to hit the way!
See this... from afar, you don't get...
Pull up in that old school, bitch I think I'm...
... before me it went wrong,
I got off, now it's on,
I'm... smashing it, passing, bring the cash in,
But that's all left from the rapping,
Making it happen,
If I shoot it then you can count it,
Money,.. cause this young nigger about it...

[Chorus: x2]

Say we're about it, tell 'em we're about it,
And niggers say you get it like me?
I doubt it!
All about their money, man
I can't leave home without it,
And we talk it cause we live it,
Yeah, we really be about it!
Say we're about it, we're really be about it,
And niggers say you get it like me,
I doubt it!
All about their money, man
I can't leave home without it,
And we talk it cause we live it,
Yeah, we really be about it!
