

## Count On

Rocko

Who could I count on could I count on  
To be here for my fam  
If everything didn't go as planned  
I'm just saying  
Who could I count on could I count on  
If I ain't have a whole lot of dollars  
Would I have a whole lot of partners  
Who could I count on could I count on  
If I wasn't up like fun  
If I was stuck down on my luck, fucked up  
Who could I count on could I count on  
I know I count on on my bro  
Who could I count on could I count on  
I know I count on my mom  
Who could I count on

I could count on one hand  
I mean the people I trust  
I need a thousand hands to count how many people I love  
I can count on 2 hands the people who love me  
Don't get me wrong I appreciate everybody who showed me love  
Can I count on a radio to play my records  
Can I count on my lawyer to get my record disposed  
Every day I'm up and edit like an addict so tragic so every day  
I gotta edit, count it up  
I keep my faith in God, so I don't have no stress  
That's why I'm so blessed every day I count my blessings  
Never compromise who I am I got integrity  
No matter what if you my nigga you can count on me

Who could I count on could I count on  
To be here for my fam  
If everything didn't go as planned  
I'm just saying  
Who could I count on could I count on  
If I ain't have a whole lot of dollars  
Would I have a whole lot of partners  
Who could I count on could I count on  
If I wasn't up like fun  
If I was stuck down on my luck, fucked up  
Who could I count on could I count on  
I know I count on on my bro  
Who could I count on could I count on  
I know I count on my mom  
Who could I count on

If I had to go to war  
How many my people gon be on go  
Count on could I count on  
If all the smoke lift  
How many niggas gonna be right here  
All the booty club money I throw it to the strippers  
If I was broke could I count on them bitches  
All the niggas I make sure I get money over the years  
All the niggas I took care when they was doing gigs  
I put my life into my music bro  
Can I count on my fans to buy it out the store

They count on me and I count on them  
I bring the prayers everyday 'cause you know I count on Him

Who could I count on could I count on  
To be here for my fam  
If everything didn't go as planned  
I'm just saying  
Who could I count on could I count on  
If I ain't have a whole lot of dollars  
Would I have a whole lot of partners  
Who could I count on could I count on  
If I wasn't up like fun  
If I was stuck down on my luck, fucked up  
Who could I count on could I count on  
I know I count on on my bro  
Who could I count on could I count on  
I know I count on my mom  
Who could I count on
