On toes I carry that toast while I was slanging that butter
For the most part of straight out, owe it all to my mother
Owe it all to my granny, granny was my daddy
I seen my daddy rarely, I don't let that shit determine me
I'm a motherfucking hustler, I live these streets they get me

Go get a shovel, I done stacked a sack of money
Do you know how much cash I have sitting on

Think I had a million bars in 1997
Ain't gonn quit stacking this shit until I'm 97

These nigga don't like me, I don't know why

I'm the one that run the set
I, I, I
