My bitch the baddest it may be my status
May be my ashton it may be black magic
Maybe I'm destined maybe it's blessings
Maybe my cubans just got me connected
I may be the best no second guessing
I go get them checks I be the freshest
Boost cost a stack that's just 10 hundreds
I never subtract I've been 100

M.A.Y.B.E

I'm fly that's why I got
Your bitch with me right now
She say shes not bi

Or maybe cause I only smoke and eat white
Or maybe it's my aura

Bigger ring mingling gotta all on my dinaling
Maybe cause I'm onnnnnnnnn they wanna screw me
Maybe it's that new shit got them throwing thier cochie
Maybe cause she heard I sland that wood very good

Call the coast guard swag jumped overboard
And the ball player EA mayor

So much bread it's a fed truck
And my lambo tint huego
My black card and your center card
Maybe it's attention deficient

Got a mil dollar peice just to speak to me

Your main drop that's lame to me
Don't give robbers no sympathy

My pinky ring bling like coke is white
They probbly want to rob me
Make em hate me no maybe

Like I'm crazy cause I'm crazy
