

She Can Get It

Rocko

She can get it (3x)

Shawty look good even when da lights on got me starin
Got me thinkin bout bringin yo ass back home girl I'm not playin

O she can get it (right now)
She can get it (right now)
She can get it (right now)
She can get it (right now)

Who is dis girl
Where she from
O o o no but I dig her campaign she got my vote
I ain't tryna stare
But I don't care
Let's play magic baby
Let's dissapear
Let's get out of here get in my car
Roll up a gar (then what)
Let's go to my spot (go to my spot)
It ain't dat far (it ain't dat far)
I'm a keep it real (keep it real)
Dis ain't my style (dis ain't my style)
But all I see is me and u
Right here right now

Da way u lookin right now girl u kno u right
Only thing on my mind is u on my motor bike
Wat u say u sing
Show u right
Microphone check da night
Culd be yo lucky night
I can't help but stare
Yo swagg outta here
Only thing in mind is gettin u out yo final wear
Just gimme the word baby
We ain't worryin how
I ain't tryna wait we can do it right now

I'm a make it rain
I'm a make it sleet
And watch u rain dance grind and shake it to da beat
I'm a team playa so bring yo home girl
Ya'll just let it go get off in yo own world
I just kick bak and let u do yo thang
While I pull yo hair and make u say my name
She told me stop playin
She say boy u wild
I said I'm dead serious u can get it right now

[Chorus x2]
