Rocko

Umma do me, umma do me, umma do me  
You just do you, umma do me, umma do me, umma do me  
Umma do me, umma do me, umma do me  
You just do you, umma do me, umma do me, umma do me

You wear Reebok, I wear Bally  
You smoke Michy, I smoke Cali  
You wear Enyce, but I wear Loui  
I drop 600 boys on these Gucci's  
You really like her, you might wife her  
I don't like her, so I one night her  
You make it sprinkle, I make it tsunami  
You get chump change, but I get money  
You like dancin, I just two step  
You like to trick off, but I don't do that  
You don't tote guns, I keep that too  
Wanna see how it's done? Watch me do me!

You just do you (and what), umma do me, umma do me, umma do me  
You just do you (and what), umma do me, umma do me, umma do me  
Wanna see how it's done? Then watch me do me, watch me do me, watch me do me  
Wanna see how it's done? Then watch me do me, watch me do me, watch me do me

What's that, new Dolces? These here chrome heart  
You need a key for yours? Me, my shit auto-start  
Man I talk to the car, the car talk back  
Then I step up out the car, watch the car back back (aye!)  
Yo' money funny, my money talk  
While we talking money, look, this how money walk  
Playa why you limp? It could be two things (like what?)  
Them fifteens or whole stacks in my blue jeans  
That's last years model, (me) I'm in that new thing  
Black flips, black sack, call 'em shoestrings  
Aye who you with? Frank n Roll best thing since the TV  
Pay attention let me show you how to do me

You like the four-door, (me) I just do two  
If you ain't getting money, nigga, I'm nothin' like you  
I'm from the ol' school, you from the new school  
My ol' school cost more than your new school  
Just got a new school, that's what I'm use to  
Suede around the panoramic equals clear view  
You in my rear view, yeah you history (skrrrt!)  
First to second, two seconds, I love a six speed  
I swag it out, uh felt my swag  
The shoes match the hat, the hat match my bag  
These niggas mad, you don't like it, nigga sue me  
Wanna see how it's done, then watch me do me

[Chorus]
