

Rest of My Life

Rod Stewart

I wanna feel like this for the rest of my life, my life
I wanna feel like this for the rest of my life, my life

Now I ain't been in love before
But I got sunshine at my door
I'm in love with the human race
With a big old smile upon my face

Life is beautiful, life is fine
Since I met this girl of mine
I'm so lucky and I'm so blessed
I've found love and happiness

I wanna feel like this for the rest of my life, my life
I wanna feel like this for the rest of my life, my life
She's no beauty but neither am I
We got each other, we're flying high
I wanna feel like this for the rest of my life, my life

All of my buddies have settled down
Mamma said a good girl can't be found
Sit and watching telly on a Friday night
With Pizza and a Heineken Light

So I took one big leap of faith
Threw my hat in emptied my case
Sounds so silly but I believe
The birds in the trees are singing for me

I wanna feel like this for the rest of my life, my life
I wanna feel like this for the rest of my life, my life
I'm running around with my head in a cloud
I'm so far up, I ain't coming down
I wanna feel like this for the rest of my life, my life

I'm a good guy in my soul
Though I maybe getting old
But I've got loving in my heart
Gonna make her happy, make her laugh

I'm a good guy in my soul
Although I maybe getting old
I've got loving in my heart
Gonna make her happy, make her laugh

I wanna feel like this
For the rest of my life, my life
I wanna feel like this
For the rest of my life, my life
I'm running around with my head in the clouds
I'm so far up, I ain't coming down
I wanna feel like this for the rest of my life, my life
I wanna feel like this for the rest of my life, my life
I wanna feel like this for the rest of my life, my life
I wanna feel like this for the rest of my life, my life
