

# She Makes Me Happy

Rod Stewart

She makes me happy on the coldest day  
She makes me happy when the clouds are gray  
Every day like Christmas when she's in my house  
She makes me happy and I wanna shout

Now it's a funny old world, I never thought I could settle down  
But then I met a woman, gonna change my life around  
Ah, the good Lord sent me down a little angel  
I must change my ways  
No more late nights out, we're on a boil, pissing my life away

She makes me happy with her downtown style  
She makes me happy with her crooked smile  
I go to bed laughing and I wake up smiling  
She makes me happy, she smiles to me wild

I'm a stubborn kind a fellow, never thought this could happen to me  
I could smoke and drink and gamble just as I please  
Now I'm working out daily and I'm watching my waistline  
I'm knocking in paradise  
When I get home there's a hot bath waiting  
Glass of wine on the side

She makes me happy when the day is done  
She makes me happy about the summer of sun  
We're getting closer and we're making plans  
She makes me happy, I want to dance, oh, yeah

She makes me happy, can you understand?  
She makes me happy, I'm a reborn man  
She showed me loving is a wonderful thing  
She makes me happy, I wanna sing, sing, sing

She makes me happy, can you understand?  
She makes me happy, I'm a reborn man  
Every day like this, messing around in my house  
She makes me happy, yes she does  
She makes me happy, she makes me happy
