

# Shelly My Love

Rod Stewart

Shelly my love  
I only long to be where you are  
Shelly my love  
Now and forevermore  
Shelly my love

When I see you I catch fire  
And soon I'm all aflame  
I feel it start  
Whenever you call my name

All around I feel a passion  
That thrills my very soul  
I put it down  
To that I love you so

Shelly my love  
I only long to be where you are  
Shelly my love  
Now and forevermore  
Shelly my love

Oh Shelly my love

All around I feel a passion  
That thrills my very soul  
I put it down  
To that I love you so

Oh Shelly my love

If this time I'm into somethin'  
That is not of this world  
The love I've got  
It's supernatural, girl

Shelly my love  
I only long to be where you are  
Shelly my love  
Now and forevermore  
Shelly my love

Shelly, my love  
Shelly, my love  
Shelly, my love
