

# So Tired

Rod Stewart

By the time I was home  
I was feeling bad  
Never the less I go mine  
Straight out of bed  
I was feeling my head

But I'm so tired, I just got to get home  
So tired, I just got to get home

Surely its time  
You should face the facts  
I'm not the one that you need  
I don't need to feed you  
Or need you or lead you

Iâ€m so tired, I just want to get home  
So tired I just wanna get home

I've never been one  
For just putting around  
Keep it in my trousers all night  
Surely I'm right  
When you stay out all night

And I'm so tired I just wanna go home  
So tired, I just wanna, wanna, wanna go home

And you know that youâ€re  
Out of your depth, my dear  
When you take home someone like me  
Its been such a long time  
I can hardly stay out

And I'm so tired, I just wanna go home  
So tired, I just wanna go home  
So tired, I just wanna go home  
And I'm so
