Come home
It's been so long
We're missing you at home
So hang up that phone
'cause I'm coming back home
Back home
Come home
It's been so long
I can't hide no more
So hang up the phone
'cause I'm coming back home
Drive me home
Drive me home
Drive me home
Drive me
Keep on driving me home
Come home
It's been so long
We're missing you at home
So hang up that phone
'cause I'm coming back home
