

# Don't Need No Other Now

Rodney Crowell

Baby when you move I can't help watchin'  
When you're out there on the floor  
Baby when you're swingin' in your blue jeans  
When you're waltzin' out the door

I hear your name when I am sleepin'  
I turn around and there you are  
Now I don't need no other lover  
No I don't need no other now

We gonna make it all right  
We gonna make it on purpose  
Oh honey keep it real smooth  
Right up close to the surface  
No you don't need no other lover  
No you don't need no other now

I was alone and empty handed  
Until you spoke without a word  
Yes did I, I received your message  
Baby I don't need no other now

We gonna make it all right  
We gonna make it on purpose  
Oh honey keep it real smooth  
Right up close to the surface  
No you don't need no other lover  
No you don't need no other now

Now any way you wanna give it  
That's the way it's gonna be  
And any time your little heart is heavy  
That's the time you all look for me

We gonna make it all right  
We gonna make it on purpose  
Oh honey keep it real smooth  
Right up close to the surface  
No you don't need no other lover  
No you don't need no other now

Why don't we make it all right  
Why don't we make it on purpose  
Oh honey keep it real smooth  
Right up close to the surface  
No you don't need no other lover  
No you don't need no other now
