

Famous Last Words of a Fool in Love

Rodney Crowell

Take my coat
Take my hat
Take my breath away
Just like that
Turn the tables on me
Hang new labels on me
Wind the clock back nice and slow

Make me laugh till I weep
Make me lonesome for you in my sleep
Is this love or lust, bottom tier or upper crust?
We'll find out soon enough you know
Younger woman
Older man
Can we make this work?
Ah, you know we can
Famous last words of a fool in love

Oh I've been out of touch so long
Been going at it hammer and tong
Sure that I could build a wall higher than a man can fall
Famous last words of a fool in love

This is not about a choice you make
It's not about a chance you take
Looking for the next cheap thrill
Or the magic in a little blue pill
How do you feel with your hopes up high?

I might have been a handsome lad
Back when I didn't look so bad
And this is what I find amazing, you and I could go out blazing
