

Love Is Crazy

Roger Creager

Magnets attract or magnets repel
They either connect or they fight like hell
Well it depends on how you turn them
All hopped up on passion
Gal you lose all your rationale
And so do I when the fires start burning
It's okay to lose control now and then
That's just the way it is
Love is crazy
Always has been
Make you laugh and cry and stay up all night
Love is crazy, always will be
Baby hang on tight 'cause love is crazy
Chasing each other around at 2 a.m.
The neighbor's patience is wearing thin
O we live our lives too loud
They're not sure we're doing this right
Don't they make love after they fight?
Honey, we don't need that crowd
They say we've lost our minds
But who cares if they're right
Love is crazy
Always has been
Make you laugh and cry and stay up all night
Love is crazy, always will be
Baby hang on tight 'cause love is crazy
If it was up to you and me
The world could use more insanity
Love is crazy
Always has been
Make you laugh and cry and stay up all night
Love is crazy, always will be
Baby hang on tight 'cause love is crazy
Love is crazy
I said love is crazy
