

Oceans Away

Roger Daltrey

Don't wake me up
If I should be dreaming
I don't want to miss one minute of this dream.

Don't worry now
Cause your not dreaming
I'll love you always where ever you'll be.

Oceans away
Go where you may
And love will be with you
Oceans away
And love will be with you
Oceans away

The night is cold
But day is certain
No twilight zone can last very long
Darkness my friend I'll hide in your curtain
If your not here with me please let me dream on.

Oceans away
Go where you may
But love will be with you
Oceans away
Love will be with you
Oceans away

Oceans away
Go where you may
But love will be with you
Oceans away
Love will be with you
Oceans away
