

# World Over

Roger Daltrey

Did you ever see a thousand miles away  
A man in a room, with what you say  
Looks may different are really the same  
He could be me in another frame

It's all over  
The world over  
It's all over  
The world over

And a man looks up to infinity  
Opens his eyes  
to look at me  
His looks may be different, his eyes see the same  
No borders between us a thousand names

It's all over  
The world over  
It's all over  
The world over

Up and down  
Let go light  
What ever difference makes the whole thing right  
Don't ask where  
Don't ask why  
Everybody knows you can live and die  
The world over

And you can see the world a thousand miles away  
Here I am here's what I say  
But we all look different, but were one in the same  
No borders between us, there's no one to blame

It's all over  
The world over  
It's all over  
The world over
