

## Desert Love

Roger Hodgson

Did I tell you  
I need your love a little more each day  
Did I tell you  
I'm feeling old since you went away  
Did I tell you  
my love was cold like the desert night  
Did I tell you  
my heart was dry like the desert sky

Oh, will you love me again  
won't you help out a friend  
Will you love me again

Did I tell you  
my lips were cold like the desert night  
Did I tell you  
my heart was dry like the desert sky  
And if I need anyone to hold  
will you say you might

Oh, will you love me again  
won't you help out a friend  
Will you love me again
