

# I'm Not Afraid

Roger Hodgson

Oh what a way to go, we're goin' down slow  
We're movin' to the rhythm, we're letting it flow  
We're steppin' out of time, it's freaking your mind  
We're livin' in the body, and we're doin' just fine

Tell me, tell me that you love me  
Tell me, where's your milk and honey  
You know we're doin' alright

Well round and round we go, we're goin' down slow  
We're shakin' to the rhythm, we're letting it flow  
We're not afraid of time, it imprisons your mind  
We're livin' in the body, and we're doin' just fine

Tell me, tell me that you love me  
Tell me, where's your milk and honey  
You know we're doin' alright

Tell me, tell me that you love me  
Tell me, where's your milk and honey  
You know we're doin' alright

I'm not afraid of nothing  
I'm not afraid to cry  
I'm not afraid to live  
I'm not afraid to love  
I'm not afraid to die  
I'm not afraid of laughter  
I'm not afraid of tears  
I'm not afraid to look  
I'm not afraid to learn  
I'm not afraid to hear  
I'm not afraid of darkness  
I'm not afraid of night  
I'm not afraid to win  
I'm not afraid to lose  
I'm not afraid to fight  
I'm not afraid of anger  
I'm not afraid of war  
I'm not afraid to live  
I'm not afraid to die  
I'm not afraid at all

'Cause it's a time for singing  
and it's a time to dance  
And it's a time to run  
and it's a time to jump  
and it's a time to chance  
And it's a time for giving  
and it's a time to share  
And it's a time to choose  
and it's a time to do  
and it's a time to dare
