

## My Magazine

Roger Hodgson

Tell me what you like, I'll print it all  
You need laughs, 'cause you don't need misery  
Just tell me what you need, I'll tell it all  
Screw the facts, I can give you fantasy

My magazine, I'm talking about my magazine...

Just tell me what you want, I print it all  
You need help, it's a sick society  
Just tell me what you need, I sell it all  
Who needs friends, I'm collecting enemies

My magazine, I'm talking about my magazine...
