

## Castanet Dance

Roger McGuinn

You were busy then, I was crazy then  
You were being there, I was running away  
You had me figured out, I was living in doubt  
You had money to spare, makes me dizzy today  
And the glimpse of our past fades away so fast  
Like a Castanet Dance in the night  
And the glimpse of our past fades away so fast  
Like a Castanet Dance in the night  
Champagne corks popping late at night  
Laughing stars falling out of sight  
Bright beauties are twirling now  
Bright beauties are twirling to Castanet Dance  
You were taking your world, I was shooting the curl  
You were bathed in success, I was floating in space  
You smiled at my story, I applauded your glory  
You forgave my excess, and we danced and embraced  
And the glimpse of our past fades away so fast  
Like a Castanet Dance in the night  
And the glimpse of our past fades away so fast  
Like a Castanet Dance in the night  
Champagne corks popping late at night  
Laughing stars falling out of sight  
Bright beauties are twirling now  
Bright beauties are twirling to Castanet Dance  
(Instrumental break)  
And the glimpse of our past fades away so fast  
Like a Castanet Dance in the night  
And the glimpse of our past fades away so fast  
Like a Castanet Dance in the night  
Champagne corks popping late at night  
Laughing stars falling out of sight  
Bright beauties are twirling now  
Bright beauties are twirling to Castanet Dance (X3)
