

Dixie Highway

Roger McGuinn

Drivin' down the Dixie Highway
Doin' my best to hold the road
All night long on the Dixie Highway
Bring my Florida baby a heavy load

Windin' down the Dixie Highway
Stars above the midnight blue
Coming now on the Dixie Highway
U.S. number one to get to you

Tampa Bay, Lauderdale, ride beside the sea
But to say, no sweeter baby anywhere for me

Southern moon on the Dixie Highway
Orange blossom kisses on my mouth
Me oh my, the Dixie Highway
On my way to heaven headin' south
On my way to heaven headin' south
