Dixie Highway

Roger Mcguinn

Drivin' down the Dixie Highway
Doin' my best to hold the road
All night long on the Dixie Highway
Bring my Florida baby a heavy load

Windin' down the Dixie Highway Stars above the midnight blue Coming now on the Dixie Highway U.S. number one to get to you

Tampa Bay, Lauderdale, ride beside the sea But to say, no sweeter baby anywhere for me

Southern moon on the Dixie Highway Orange blossom kisses on my mouth Me oh my, the Dixie Highway On my way to heaven headin' south On my way to heaven headin' south
