

I'm Not Lonely Anymore

Roger McGuinn

I'm not lonely anymore
I sing like a bird
Flyin' right outside my door
It's as easy as they say
If you sing the song with me
I'm not lonely anymore

Like I never sang before
I can fill up the room
From the ceilin' to the floor
Like a whippoorwill in May
I'll be singin' away
If you sing the song with me
I'm not lonely anymore

I'm not lonely for the bridges I crossed
I'm not lonely for the women I lost
I'm not lonely for the dreams I had
You sing along, I can't feel bad
