

## My New Woman

Roger McGuinn

I want to meet my new woman  
Step right up and give you your hand  
Oh you're gonna like my new woman  
Her friends are all over the land  
There's something that's different about her  
You'll want to be part of her plan  
I hated living without her  
I'm happy God made me a man  
And she knows what she likes  
And she knows what she is  
She knows she's got something to say  
She's more than the her that comes after the his  
And she wants to be more than a lay
