

Peace On You

Roger McGuinn

God ain't gonna love you any
Cause you loved too many more
He ain't gonna trust you baby
He never could before

God ain't gonna like the way
You cheated on me down here below
He ain't gonna love you any
Cause you loved too many more
Besides me baby

Peace in the valley
Peace in the sea
Peace to all the little children and me
And peace, peace on you

God ain't gonna love you any
Cause you loved too many more
He ain't gonna trust you baby
He never could before

If I was you then I'd start wondering
Just in which direction I would go
He ain't gonna love you any
Cause you loved too many more
Besides me baby
