

## Burma Shave

Roger Miller

Way down yonder by the forks of the branch  
The old sow whistled and the little pigs danced  
Burma shave burma burma burma shave  
I bet I've seen a million rows  
Of them little red poles and it's signs up and down the line  
Come on come on one more time

Yonder goes willie he's passin' on a hill  
He don't dress nice but he drives fit to kill  
Burma shave burma burma burma shave  
I bet I've seen a million rows  
Of them little red poetic signs up and down the line  
Giddyup giddyup tally ho

Well my pappy ain't smart he ain't good at quizzin'  
But one thing he knows is how to keep maw his'n  
Burma shave burma burma burma shave  
I bet I've seen a million rows  
Of them little red poetic signs up and down the line  
Come on come on one more time

Roses are red and violets are blue you chase me and so will I  
Burma shave burma burma burma shave  
I bet I've seen a million rows  
Of them little red poetic signs up and down the line  
Come on come on one more time
