

Our Love

Roger Miller

It might have been up sometime
Might have been down sometime
But all in all our love
We could be proud of

Sometimes it was so damn good
Sometimes it was no damn good
But all in all our love
We could be proud of

Look at the children, bright sunny faces
Did you ever see two more beautiful lives in your life

It might have been right sometime
Might have been wrong sometime
But all in all our love
We could be proud of

Look at the children, bright sunny faces
Did you ever see two more beautiful lives in your life

It might have been right sometime
Might have been wrong sometime
But all in all our love
Baby, we could be proud of
