

## Some Hearts Get All The Breaks

**Roger Miller**

Some hearts have all the fun they fall in love with one  
And one says all it takes some hearts get out of breaks  
Some people never cry life just goes flyin' by  
They don't make no mistakes some hearts get all the breaks  
And there are foolish hearts like mine time after time  
The time began they play the game but they never seem to win  
I guess I'll never learn some hearts got love to burn  
I guess that's what it take some hearts get all the breaks

And there are foolish hearts like mine time after time  
The time began they fall in love but they never seem to win  
I guess I'll never learn...
