

# Some People Make It

**Roger Miller**

The working man works while the boss man sits in the shade  
The working man works while the boss man sits in the shade  
Some people make it, some people got it made

I sing la la de-la what'll I do 'til I get paid  
I sing la la de-la what'll I do 'til I get paid  
Some people make it, some people got it made

Some people make it, some people got it made  
Made in the shade  
Some suck lemon, some sip lemonade

Yes I wanna walk tall when all of my dues are paid  
Yes I wanna walk tall when all of my dues are paid  
Some people make it, some people got it made

Some people make it, some people got it made  
Made in the shade  
Some suck lemon, some sip lemonade
