

Loud And Proud

Roger Miret and the Disasters

I wanna feel again
I wanna shout - LOUD AND PROUD!
I wanna bleed again
I wanna fight - LOUD AND PROUD!

Breaking glass in the burning nights
No, it's not an illusion
Figure it out, man! Can you shout!
Viva la revolution!

Back with the gang we're taking over our city
Smashing bottles, slashing tires
Flipping autos, store fronts on fire!
Running down the streets causing loads of trouble

I wanna feel again
I wanna shout - LOUD AND PROUD!
I wanna bleed again
I wanna fight - LOUD AND PROUD!

Riots playing on television
Can you see our noise?
The radios warning not to walk the streets!
Cause they feel our anger... there goes the enemy!

I wanna feel again
I wanna fight again
I wanna bleed again
I wanna shout - LOUD AND PROUD!
