

Bang That Box

Roger Sanchez

Bang that box
Rip that speaker
Hit em high
Volume rising
Make the ceiling drop
So contagious
Now rush the floor
Uh oh better whatcha self
Cause this place is about to blow
Uh oh better watcha self
Cause this place is about to blow
Like blazing matches
We're on fire
this Rebel anthem
fills the sky
so set your watches
It murderous
No hesitation
Cant get enough
Uh oh better whatcha self
Cause this place is about to blow
Uh oh better whatcha self
Cause this place is about to go
Yall feel it when I bang my box
When I bang my box its on
Bang that box
Yall feel it when I bang my box
When i bang my box its on
Bang that box
Yall feel it when I bang my box
When I bang my box its on
Are you ready
Come on
Lets do this
You know its gonna hit cha
Cause this beat isso infectious
Like a storm inside my eardrum
Still I just cant get enough
Feel the madness of the moment
Now its coming straight for you
So intense its got you bouncing
Til you don't know what to do
