

Be with You

Roger Taylor

I, I just wanna be with you
I just wanna have you here
Be with you

I, I just wanna dance with you
Take a chance with you
Dance with you

I, I just want to talk with you
Just wanna walk with you
Talk with you

Ahhhh
Ahhhh
Ahhhh

I, just need to get you into my life
I just want you here
In my life

I, just wanna dance with you
Take a chance with you
Dance with you

I, I just wanna be with you
I just want to have you here
Be with you
