

Foreign Sand

Roger Taylor

Here we go - ain't it grand
Here we stand on foreign sand
And we're not alone

Why do we fear what we don't understand
Can't we reach out our hand to try just say 'hello'
Try to plant a seed - fulfill the need - to make it grow - just
say hello
And when you're far from home try to learn from all you see
Your eyes will tell you everything you need

Why do we dread what we really don't know
Come not as concubine - come not as foe
Come with intentions clearly shown
Try to plant a seed - fulfill the need - to make it grow - just
say hello
And though you're far from home try to learn from all you see
Your mind will tell you everything you need - everything you need

Here we go ain't it grand
Here we stand on foreign sand
And we're not alone

Red, yellow, black and white
Every man stand in the light - stand not alone

It's not a lie - it's not a shame we play for keeps - it's not
a scam
No bigotry - we're hand in hand - it ain't a cinch - we make a
stand
We learn to live on foreign sand
Just say hello

Why do we despise when we can't even speak
We keep on spreading lies
As far as we know it's the only way to be
Try to plant a seed - fulfill the need - to make it grow - just
say hello
And though you're far from home try to learn what you could be
Your heart will tell you everything you need
even though you stand here you stand on foreign sand
Ain't it grand here we stand
On foreign sand
Together we stand
Here we stand
On foreign sand
