

## Fun in Space

Roger Taylor

Strangers in a strange land  
In an alien heat  
Journeys made by no man  
In event of defeat

This ship sings to the skies  
This ship sings to the skies  
For all you gals and guys

Stranger than fiction  
The smile on your face  
Boy when we get there  
We'll have fun in space

Our structure is battered  
But the corridors ring  
With little green stories  
Of this and these things

This ship sings to the skies  
This ship sings to the skies  
For all you gals and guys

Stranger than fiction  
The smile on your face  
Boy when we get there  
We'll have fun in space

Ooooh yeah  
This ship sings to the skies - oh  
This ship sings to the skies  
For all you gals and guys

Stranger than fiction  
The smile on your face  
Boy when we get there  
We'll have fun in space
