

Laugh Or Cry

Roger Taylor

This ain't no tragedy, This ain't no addiction
This ain't no comedy, This ain't no fiction

But baby you make me laugh, And baby you make me cry
I don't mind either way, Now I don't care why
You just gotta laugh - or cry, Right till the day you die

Just open up your heart
Or open up your eyes
Laugh or cry

So anytime you wanna laugh, Anytime you wanna cry
Just open up your heart, Or open up your eyes
And baby laugh - or cry

And baby I know, That you'll thank me some day (Don't hide your emotions)
And baby I know, That you'll see it my way (Forget all these notions)

So anytime you wanna laugh, Anytime you wanna cry
Just open up your heart, Or open up your eyes
And baby laugh - or cry, Right till the day you die
