

# Smile

Roger Taylor

Ahhhh  
Ahhhh  
Ahhhh  
Smile

Smile  
And clouds will run  
The skies will clear  
In comes the sun  
And light will shine  
In every place  
Because you smile

Laugh  
And darkness flies  
The light of love  
Will fill the skies  
The shadows run  
Let there be fun  
You gotta laugh

Ahhhh  
Ahhhh  
Ahhhh  
Smile

Smile

Ahhhh  
Ahhhh  
Ahhhh  
Smile

Kill your darkest fears  
Lose your sorrows  
Destroy your fears  
And you may find  
A life that's kind  
You gotta smile
