Roger Taylor

I'll dream you a dream
This dream is alive
I'll build you a house
House in the sky

We wanna
We wanna
We wanna
We wanna
We wanna
We wanna
We wanna
We wanna go
Up

We know what we want
We know where to be
We know what we need
Need to be free

We wanna
We wanna
We wanna
We wanna
We wanna
We wanna
We wanna
We wanna go
Up

We wanna
We wanna
We wanna
We wanna
We wanna
We wanna go

We'll live in the clouds
We'll dream we can fly
We'll live in our dreams
On our island
In the sky
Oh, we can never die

I'll make you a queen
I'll give you a crown
We'll live in our dreams
And never look down
Never look down
Never look down
Never look down

Up
