Up

I'll dream you a dream This dream is alive

Roger Taylor

```
I'll build you a house
House in the sky
We wanna
We wanna go
Up
We know what we want
We know where to be
We know what we need
Need to be free
We wanna
We wanna go
Up
We wanna
We wanna
We wanna
We wanna
We wanna
We wanna go
We'll live in the clouds
We'll dream we can fly
We'll live in our dreams
On our island
In the sky
Oh, we can never die
I'll make you a queen
I'll give you a crown
We'll live in our dreams
And never look down
Never look down
Never look down
Never look down
Up
```
