

## Late Home Tonight, Part II

Roger Waters

Hark, the wire service sing  
Clear the satellite link  
Check the fax machine  
Hold the lead story boys  
There's some great pictures coming in  
Now the pilot's heartbeat slows  
Palms dry out  
No questions only orders  
And the F-1 glides in nose-up  
Through the cloudbase and the  
Ground crew cheers as he puts down  
His landing gear  
Hey boy, you're a hero  
Take this cigar  
And back home in Cleveland  
All the papers and the local TV stations  
Will be calling your ma  
And the farmer's wife  
Shoos the cat off the chair  
She says sit down my dear  
Was the milking all right  
Our American friends are late home tonight
