Who Needs Information

Roger Waters

Me and Benny went out last night Looking for fun Supping ale in the moonlight Waiting for the dawn to come

Benny pointed at a HiFi shop He said hey man look at all the stuff they've got How'd you make a have out of a have not Hmmmm, Who needs information When you're working underground Just give me confirmation We could win a million pounds

Benny climbed up on a footbridge And he teetered on the parapet He said can you see the whites of their headlights Are the coming yet

Who needs information This high off the ground Just give me confirmation We could win a million pounds

Who needs information When you're living in constant fear Just give me confirmation There's some way out of here Some way out of here

Benny hafted a breeze block And tried to let go Got hung up on a tear drop So me and Benny went home

Who needs information When you're living in constant fear Just give me confirmation There's some way out of here Some way out of here

Who needs information yeah When you living on as borrowed time Just give me confirmation there will be a winner this time

Who needs information when you're working underground Just give me confirmation We could win a million pounds Who needs, who needs, who needs information This high off the ground Just give me confirmation We could win a million pounds - yeah
