## **Better In The Dark**

## **Rogue Traders**

I don't know your name But I'll kiss you just the same Holding hands, that's a start Cos' you'd look better in the dark

So turn the lights down, turn them down So turn the lights down, turn them down Won't you come and spend some time with me?

Come on boy there's no shame Cos' I know how to play the game First a drink then a laugh Cos' I'd look better in the dark

So turn the lights down, turn them down So turn the lights down, turn them down Won't you come and spend some time with me?

Come on boy there's no shame Cos' I know how to play the game First a drink then a laugh Cos' I'd look better in the dark

So turn the lights down, turn them down So turn the lights down, turn them down Won't you come and spend some time with me?

You look better I look better They look better We all look better in the dark
