

Calling All Lovers

Rogue Traders

Calling, calling all lovers
I'd like to say together we are amplified
I'm calling, calling all heroes
Believe me when I say you are in high demand

Love will reign tonight
Hearts they will ignite
Love will reign tonight
Hearts they will collide

Calling, there calling your number
So gather up the storm clouds in your loving arms
I'm calling, calling all lovers
So fight the fight and victory will save us from ourselves

Love will reign tonight
Hearts they will ignite
Love will reign tonight
Hearts they will collide

Calling, calling all lovers
I'd like to say together we are amplified
I'm calling, calling all heroes
Believe me when I say you are in high demand

Love will reign tonight
Hearts they will ignite
Love will reign tonight
Hearts they will collide
