

# Candy Coloured Lights

Rogue Traders

Travelling light, living my life  
Hey hey hey  
Loving the lights, gonna ignite  
Hey hey hey

Giving it glow, head to my toe  
Hey hey hey  
You'll never know where it could go  
Hey hey hey

Look in the mirror ball  
This is the day I see it all  
If you come out to play  
It'll be worth the wait

Dancing under candy coloured lights  
Just this once I'll become hypnotised  
This vibration feel it if you dare  
Colours of a secret love affair

Heat of the night, temperature's right  
Hey hey hey  
Taking a bite, savour the night  
Hey hey hey

Giving a show, doing it slow  
Hey hey hey  
Get ready to go, I'm telling you so  
Hey hey hey

Look in the mirror ball  
This is the day I see it all  
If you come out to play  
It'll be worth the wait

Dancing under candy coloured lights  
Just this once I'll become hypnotised  
This vibration feel it if you dare  
Colours of a secret love affair  
I'm gonna take it  
I'm gonna take it  
I'm gonna take it  
I'm gonna take it

Dancing under candy coloured lights  
Just this once I'll become hypnotised  
This vibration feel it if you dare  
Colours of a secret love affair

Travelling light, living my life  
Hey hey hey  
Loving the lights, gonna ignite  
Hey hey hey

Giving it glow, head to my toe  
Hey hey hey  
You'll never know where it could go
