

## Speak & Destroy

Rogue Traders

It's, it's no  
It's no accident, no  
We, we just  
We just let it all go, we

All stand in rows,  
We're like dominos dominos  
Falling faster to zero

Down, down, down, down we go? down we go?  
Straight on like an arrow  
Down, down, down, down we go?  
Can't you hear the echo

See, see the  
See the consequence, yes  
Got, got to  
Got to fasten your seatbelts

I have told you  
This in stereo, stereo  
The truth so hard  
To swallow?
