

Speak & Destroy

Rogue Traders

It's, it's no
It's no accident, no
We, we just
We just let it all go, we

All stand in rows,
We're like dominos dominos
Falling faster to zero

Down, down, down, down we go? down we go?
Straight on like an arrow
Down, down, down, down we go?
Can't you hear the echo

See, see the
See the consequence, yes
Got, got to
Got to fasten your seatbelts

I have told you
This in stereo, stereo
The truth so hard
To swallow?
