

## World Go 'Round

Rogue Traders

Just gimme a reason  
And any one will do  
And I'll stay tonight  
If you want me to

I'm not really that type of girl  
But you're my type of guy  
Come a little closer darlin?  
And I'll show you why

(You're so good)  
You make my world go around  
You make my world go around  
Gotta make my world turn around, round, round  
(You're so good)

Just tell me a story  
And anyone will do  
I can make it happen  
If you want me to

I can be any type of girl but  
You're my type of guy  
I can feel us turning baby  
Filling up the sky
